

**PROPOSAL: Foley Main Street Acceptance of Trail Blazer grant for bike racks in downtown Foley**

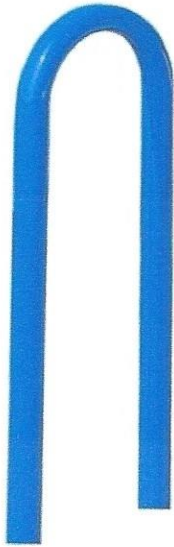

Foley Main Street was chosen to be awarded an \$800.00 grant from Baldwin County Trail Blazers for the purchase of bike racks.

Foley Main Street would like to accept this grant to begin placing bike racks in downtown Foley. We would be able to purchase 4 of these bike racks and the proposed locations approved by the city are:

- Near Pine Street & Mamma Mia Pizzeria
- Near the proposed butterfly park
- Near Copper Kettle Tea Bar
- Near the entry of the pedestrian bridge - the parking lot side

We would like to request the city's help to install them. With input from the city, the consensus is to order inground bike racks for stability and strength. The company we chose is called Upbeat Site Furnishings. As a family owned and operated company headquartered in St. Louis, Missouri, they adhere to core values based on honesty, integrity, superior customer service and a culture that fosters innovation and continuous improvement.

## DETAILS

### Space-saving Streetside bike racks.

The simple yet classic loop design looks great and fits in everywhere – including tight spaces.

- **20-year limited structural warranty with 7-year finish warranty against fading**
- Constructed from heavy-gauge, steel tubing
- Fade-resistant, powder coated steel features a state-of-the-art primer proven to prevent rusting
- Bikes can be parked inside the loop and also on each end
- Allows two points of contact for safe securing of bike frame and wheel
- Legs are an additional 10" long for inground installation
- 3-bike capacity
- Matching bike racks with Fusion Advantage finish are available
- Coordinating Streetside café tables and chairs, benches, receptacles, and recycler are available
- Manufactured in the U.S.

Height will vary based on installation depth.
