

PURCHASE A NEW UNITED STATES POLE AND FLAG

The Beautification Board would like to see our United States Flag and Pole moved from its present location due to the City having to pay a monthly least of \$1,250 per month to DCF, LLC which is Olympia Dyas. They continue to threaten that the least price is going up.

We would like to see our current Flag moved to the Foley Event Center or to the Foley Sports Complex. Riviera Utilities has agreed to move the Flag for us. This is an 80' Pole and flies a 20' X 30' Flag.

The Board would like to have your permission to do a Capital Project and purchase a 130' Pole and fly a 40' X 80' Flag, this will be like the one located at Camping World in Robertsedale.

It would be located on the east side of the Pedestrian Bridge in that parking area. This location could be seen from Highway 59, Highway 98, Downtown Foley, and The Historic District.

I've received a quote from Symonds Flags & Poles in Fort Worth, Texas, this is the supplier that Camping World used.

The quote is for a 130' Pole, 40'X 80' Flag, Shipping and Handling, Engineering Drawings, Installation and 2 LED Lights.

\$55,211.00

Notes: We have electricity in this location

Baldwin EMC has a 100' Pole and flies a 30' X 50' Flag
