Randy,

I have reworked the install fee for the light addition on the south end of the rose trail project. The revised amount will be \$2302.00 for the south light install and the monthly bill for this light and the other light on the north (which was included already on the aid to construction already paid) on this this project will be \$30.25 x 2. We will also be removing a light as part of the project that will take \$6.10/month away from the City's monthly light bill.

Let me know if you have any questions or concerns.

Thanks,

Jon Harrison | Riviera Utilities

Electric Eng Dept

Ok Randy. We will get an invoice created. What reference number should we use?

Jon,

This looks good. I will get payment to Riviera in the next few days.

Thanks

Randy

Randy,

Attached is a cost estimate to add the light on the south end of the post office rose trail you requested. Let me know if you want to go forward with this plan.

Thanks,
