Don't think we have a choice at this point. I'm good for the agenda

Wayne,

I believe Darrell has made you aware of how the steel princes have affected the cost of dumpsters for our commercial sanitation routes. Although this is higher than anticipated, it should set us up for an extended period of time for the service, and hopefully as we purchase units for new clients and to replace units we will see the price come back down.

Mike

Mike

Attached is a budget increase request for Commercial sanitation to purchase dumpsters. I originally budgeted \$500K for the purchase, but with the increase of steel the price rose to \$920K. I have priced around and found this company can save us \$120K and deliver in the month of May. Please approve and pass along to Wayne for the October 18th agenda.
Thank you
