Attached is a worksheet and quote for new security at PWS. Gary uses these folks throughout the city. What this will accomplish is an initial blast with the current glass doors up front. An electric locking mechanism with speaker that will be controlled by scan card or individual at the front desk. This quote also covers the middle door with an electric swipe lock. With today's society, I believe we need to move on this.

Please approve and move it forward to Wayne for the Oct 18th agenda. Work will began hopefully in November

Thanks
