RE: NO FURTHER ACTION

Former Peoples Fertilizer

Facility I.D. No. Not Registered
UST Incident No. UST99-10-18

The Department has reviewed the Well Abandonment Report dated 09/28/00 for the above-referenced site. As a result of this review, it has been determined that no further investigative or corrective actions are required under ADEM Admin. Code R. 335-6-15.26-.29 will be required for this site at this time.

Please use a complete reference line in all future correspondence, including Facility Identification Number, name, address, and Incident Number (UST99-10-18), where applicable. Sites that are not registered will not have an Identification Number and should be labeled (NOT REGISTERED). Because our filing system is dependent on the use of the Facility Identification Number, we may have to return correspondence and reports that do not provide this information.

If there are any questions, please contact me at 334/ 271-7704.

Sincerely,
