

The Miracle League of Coastal Alabama

The Miracle League of Coastal Alabama is a 501 (C) (3) Organization FEIN 47-2090807

The Gulf Shores Lions Club, Orange Beach Lions Club and the Town of Summerdale are joining forces to build a Miracle League baseball field and a fully inclusive boundless playground.

Miracle League fields remove barriers that keep our disabled residents off the field. These fields allow them to experience the joy of playing baseball. For many, it will be their first opportunity to play side-by-side with family and friends in an atmosphere where everyone benefits. The main obstacles for these individuals come from playing on natural turf fields used in conventional youth baseball leagues. Miracle League teams play on a custom designed rubberized surface that accommodates wheelchairs and other assistive devices while helping to prevent injuries. Our fully inclusive playground will be built with the same playing surface as the Miracle League field. The playground equipment will be designed for everyone regardless of mental or physical limitations.

If you would like to be involved in the development of this exciting venture, contact us at
