Atlanta, GA 30303

June 10, 2018

RE: Consultation Services

Dear Ms. Hewitt,

We appreciated the opportunity to meet with you and Mr. Tuck on June 6, 2018. Based on that meeting, we would like to request consultation services for scoping and review of our community resources and assets. We have a great deal of outdoor recreation opportunities and would like to work with you to determine ways to maximize our potential.

The City adopted Foley TRIPS (Transportation Regional Infrastructure Pedestrian System) plan identifying locations for future trails. In recent years, we have applied for and received grants to expand our walking, biking and multi-use trails based on this Plan. It is time to update and expand based on your assistance and expertise. There are some regional possibilities that we would like to consider for inclusion as well.

We would love to have your assistance in formulating this plan so we can continue to implement these opportunities for our citizens and visitors.

Sincerely,

Miriam Boutwell
